Fund Description and Investment Objectives

The Palisade Capital Fund, established in 1998, is an unincorporated pool of RRSP eligible securities and cash in which each unitholder holds a pro-rata undivided interest in such securities and monies. The Palisade Capital Fund is an actively managed open-end long only fund with a growth mandate. The Palisade Capital Fund is invested in a portfolio of Canadian and predominantly publicly-listed companies, with a strong emphasis on the energy exploration and production, oilfield services and energy infrastructure sectors, including a component of income-producing entities. The Palisade Capital Fund is also invested in a select number of non-energy dividend paying companies to provide portfolio diversification and smooth volatility. The Palisade Capital Fund does not employ the use of leverage.

December 31, 2014 unit values are audited. Unit values and percentage changes are quoted net of all fees and expenses and include changes in security values and distributions paid. Unlike the reference indices, they do not assume the reinvestment of distributions. Income taxes would have reduced returns. The Capital Fund is not guaranteed. Performance of the Capital Fund will fluctuate and past performance may not be repeated.

To establish relative performance yardsticks for the Capital Fund, we provide comparative references to the S&P/TSX Composite Total Return Index ("TSX") and the S&P/TSX Capped Energy Index ("Energy Index"). Both indices are relevant to the portfolio content. The TSX and Energy Index data is provided for general reference purposes and should not be construed as directly comparable to the content of the Capital Fund. The Capital Fund carries individual investment positions in greater concentrations than those of the TSX and Energy Index and is less diversified than the referenced indices. Furthermore, the Capital Fund is less liquid than the ETF securities that mimic the indices referenced. As a result, the Capital Fund should be considered as carrying higher risk than the TSX and Energy Index.

You are encouraged to consult your own professional advisors with respect to a proposed investment in the Palisade Funds. This Presentation may include certain statements, opinions, estimates, projections and forward looking statements including those with respect to the energy industry generally and the investment objectives and expected future performance of the Palisade Funds. They involve certain risks and uncertainties that can cause the Palisade Funds' actual results to differ materially from those in the forward looking statements. Any forward looking statements should not be relied on as an indication of future value or for any other purpose. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of information contained herein, including the accuracy, likelihood of achievement or reasonableness of any forecasts, returns or statements in relation to future matters contained in the Presentation. Past performance is no guarantee of future results. The Presentation is not intended to be a complete statement or summary of the business or securities referred to in the material. To the maximum extent permitted by law, neither Palisade Capital Management Ltd., nor any of its respective directors, officers, employees, advisory board members or professional advisers, or any other person, accepts any liability, including, without limitation, any liability arising from fault or negligence, for any loss arising from the use of the Presentation or its contents or otherwise arising in connection with it.
